# Why Hillary is the Clear Choice for AFGE Members

By Adam Schultz for Hillary for America.

**H**illary Clinton is the only candidate with the experience, temperament, and competence to be our next Commander-in-Chief. Period.

While Donald Trump was busy bankrupting companies, shortchanging contractors, playing a competent businessman on TV, and slapping his name on overpriced items made overseas, Hillary Clinton was rolling up her sleeves and delivering results for working people like us.

### **Clinton on Unions:**

*“Of course labor will have a seat at the table in my Administration. Labor built the table.”*

She’s been an advocate for 9/11 first responders and children with disabilities, a champion for improving educational standards and health care access for everyone, a fighter for women’s rights, and a bridge builder who helped restore our standing on the world stage following eight years of disastrous leadership under the George W. Bush administration.

Hillary Clinton is a fighter who won’t back down to anyone. She’s precisely the leader we need in

### **Trump on the VA:**

*“Veterans Administration is slow...I’ll tear it down and build it from scratch.”*

Washington to stand up to those who want to shut down the government, cut our pay, and eliminate our jobs. She’ll make sure the gains of our economic recovery are shared with everyone – not just the privileged few.

If you believe in rebuilding the middle class and raising wages for working people across the board, **Hillary is your candidate.**

If you believe in keeping your job, getting a meaningful pay raise, and improving your standard of living, **Hillary is your candidate.**

### **Clinton on the VA:**

*“Let’s fix the VA but we will never let it be privatized.”*

If you believe that working people should have a voice at the worksite and a seat at the table when decisions are made, **Hillary is your candidate.**

Brothers and sisters, the choices we make in this election will decide the future of our country – not just for the next four years, but for the next generation and beyond. So choose wisely.

## Why Hillary is Our Candidate

When you cast your vote for Hillary Clinton in November, here's what you're also voting **YES** to:

**YES to protecting your job from outsourcing.** Hillary understands that federal employees are the best-equipped workers to deliver services to the American people – whether it's treating our wounded warriors, screening airline passengers, or ensuring the elderly get their Social Security payments. She will never privatize these vital government services.

**YES to giving yourself a raise.** Hillary believes that every working family deserves to earn a decent wage. She knows federal employees have been given the short end of the stick for far too long. That's why she supports increasing the federal minimum wage to \$15 an hour and providing federal workers with meaningful pay raises that will help you get ahead.

### Trump on Federal Budget:

*“We will cut so much, your head will spin.”*

**YES to caring for our nation's veterans.** Hillary agrees with the vast majority of veterans who want their health care delivered by qualified VA medical staff – not outsourced to for-profit, private-sector providers. She believes in strengthening VA – not selling out our veterans to the lowest bidder.

## Donald Trump is No Working Class Hero

Donald Trump claims to want to bring good-paying jobs back to the U.S., but he has a history of abusing American workers and companies at his own businesses. Here are three examples:

### Trump on Unions:

*“I like right to work [for less]. My position on right to work is 100%.”*

**1. Not paying his bills.** From as far back as the 1980s to the present, Donald Trump has a well-documented history of failing to pay small business, waiters, dishwashers, plumbers and other contractors who have worked on Trump projects.

**2. Favoring foreign workers over American hires.** Despite claiming to want to bring jobs back to the U.S., Donald Trump routinely hires foreign guest workers for jobs that Americans could do – at least 1,256 positions during the past 15 years, according to a CNN review of Department of Labor records.

AFGE volunteers have been knocking on doors all across America to turn out the vote for Hillary and other worker-friendly candidates.

**3. Fighting union organizing efforts.** The Culinary Workers Union's effort to organize 500 maids, bartenders and bellhops at the Trump International Hotel in Las Vegas has been aggressively fought at every turn by hotel management – similar to another battle several years earlier in which Trump defeated an effort by Unite Here Local 1 to organize employees at Trump's new hotel in Chicago.

This November 8th, vote for a future and a job your family can be proud of. Vote for Hillary Clinton for president.
